

Renal Grand Rounds

January 29, 2025 at 12:30 PM – 1:30 PM

Live In-Person/ Live Virtual

Evaluating genetic diseases in kidney transplant candidates and in living kidney donors

Overview

Renal Grand Rounds plays a significant role in the continuing education of the UCLA faculty, trainees, and the community at large. Renal Grand Rounds aims to bring our audience the most contemporary speakers to inform and discuss new ideas and concepts in a variety of areas in nephrology focusing on new developments and to keep up to date on current diseases including pathogenesis, diagnosis, and treatment.

Learning Objectives

- 1 Recognize the importance of making a genetic diagnosis in kidney transplant candidates
- 2 Understand that testing living kidney donors for genetic disease, if done responsibly, can inform risk of future ESRD and improve decision making
- 3 Review case examples to illustrate the role and impact of genetic testing

Target Audience

Specialties – Internal Medicine, Medical Genetics And Genomics, Pathology, Pediatrics, General Internal Medicine, Nephrology, Clinical Genetics And Genomics (Md), Molecular Genetic Pathology, Pathology – Anatomic, Pathology – Anatomic/Pathology - Clinical, Pathology – Molecular Genetic, Pediatric Nephrology, Pediatric Urology, Urology
Professions – Physician, Non-Physician, Administrator, Advanced Practice Nurse, Dietitian/Nutritionist, Fellow, Fellow/Resident, Industry Representative, Medical Assistant, Medical Student, Nurse, Nurse Assistant, Other, Pharmacist, Physician Assistant, Psychologist, Quality Improvement Professional, Resident, Scientist/ Researcher, Social Worker
