present

20th Annual HIV CME Symposium

Tough Decisions Made Easier

*Clinical Management of
Treatment-Experienced Patients*

Tuesday, January 7, 2025

8:00 am — 4:00 pm

In-Person Conference

The California Endowment
1000 North Alameda Street, Los Angeles, CA 90012

Chairs:

Judith Currier, MD and Raphael J. Landovitz, MD

Program Agenda

Morning

- 8:00 Registration and Continental Breakfast**
- 8:30 Greeting – Judith S. Currier, MD**
- 8:45 “Weight’ a Minute! What do I Need to Know about GLP-1RAs use Among Persons with HIV?”**
- Suman Srinivasa, MD, MS
- 9:15 Question and Answer**
- 9:30 “Strategies to Reduce Cardiovascular Risk in Persons with HIV Where Are We in 2024?”**
- Priscilla Hsue, MD
- 10:00 Questions & Answers**
- 10:15 Break**
- 10:30 “Storied and Syndemic: An Update on Mental Health and the HIV Care.”**
– Samuel R. Bunting, MD, MS
- 11:00 Questions & Answers**
- 11:15 “Clinical Updates HIV and STI Biomedical Prevention ”**
-Cherie Blair, MD, PhD
- 11:45 Questions & Answers**
- 12:00 Lunch**

Afternoon

- 1:15 “Current Approaches to HIV Cure/Remission”**
-Kara Chew, MD
- 1:45 Questions & Answers**
- 2:00 “Novel Agents ”**
– Eric Daar, MD
- 2:30 Questions & Answers**
- 2:45 Break**
- 3:00 Case Presentation**
– Michael Saag, MD
- 4:00 Questions & Answers**
- 4:15 Closing – Raphael J. Landovitz, MD, MSE**

Program Chairs

JUDITH S. CURRIER, MD

Professor of Medicine

David Geffen School of Medicine at UCLA
Associate Director, Center for Clinical AIDS
Research and Education
Los Angeles, California

RAPHAEL J. LANDOVITZ, MD, MSc

Professor of Medicine

Division of Infectious Diseases
David Geffen School of Medicine at UCLA
Center for Clinical AIDS Research and
Education
Los Angeles, California

Symposium Faculty

CHERIE BLAIR, MD

Assistant Clinical Professor

Division of Infectious Diseases

David Geffen School of Medicine at UCLA
Center for Clinical AIDS Research and Education
Los Angeles, California

PRISCILLA HSUE, MD

Professor of Medicine

Chief of Division of Cardiology

David Geffen School of Medicine at UCLA
Los Angeles, California

SAMUEL BUNTING, MD

Resident Physician

Department of Psychiatry & Behavioral Neuroscience
The University of Chicago
Chicago, Illinois

MICHAEL SAAG, MD

Professor of Medicine

University of Alabama at Birmingham
Tuscaloosa, Alabama

ERIC S. DAAR, MD

Professor of Medicine

Interim Chair, Department of Medicine

Chief, Division of HIV Medicine

HARBOR-UCLA Medical Center

David Geffen School of Medicine at UCLA
Los Angeles, California

SUMAN SRINIVASA, MD, MS

Assistant Professor of Medicine

Harvard Medical School Metabolic Unit,

Division of Endocrinology

Massachusetts General Hospital
Boston, Massachusetts

KARA CHEW, MD

Associate Professor of Medicine

UCLA CARE Center Division of Infectious Diseases

David Geffen School of Medicine at UCLA

Los Angeles, California

Course Objectives

This one-day symposium is designed to provide participants with relevant, reliable, up-to-date information on the clinical management of HIV-related issues including: management of people with HIV with new or simplified treatment options, or who have demonstrated some degree of resistance to one or more antiretroviral drugs, and the use of antivirals for the prevention of HIV in those at-risk, complications and co-infections encountered in the care and treatment of people with or at-risk for HIV, and important updates in new HIV-related science.

At the conclusion of the course attendees should be able to:

- Identify causes of weight gain in people with HIV, and the considerations for using the weight-loss and the considerations for using GLP-1RA's
- Understand the risks, benefits, and eligibility of people with HIV for initiation of cholesterol lowering medications
- Identify new agents being developed or recently available for HIV treatment
- Understand the state of HIV cure research, and what novel interventions are being studied to move the field towards being able to cure HIV infection
- Describe the use new STI prevention strategies, as well as interventions in development for STI and HIV prevention
- Understand the complex relationship between HIV and major depressive disorder (depression)

About the Center for Clinical AIDS Research and Education

UCLA has been a leader in AIDS and HIV-related research, education and patient care since 1981 when the nation's first cases of AIDS were identified at the UCLA Medical Center. The UCLA Center for Clinical AIDS Research and Education (CARE Center) was established in 1990 to facilitate clinical research and to integrate current research findings with teaching and patient care.

The UCLA CARE Center manages an outpatient clinic dedicated to patients with HIV and maintains an active clinical research program, which evaluates new antiretroviral therapies and investigates diseases associated with HIV and the complications of therapy. It is one of the original sites of the Adult AIDS Clinical Trials Group (ACTG). An education and outreach program disseminates information on AIDS and HIV infection to healthcare providers and to the community.

The CARE Center is also a primary location for training of medical students and house staff at the David Geffen School of Medicine at UCLA in the optimal care of patients with HIV.

The UCLA CARE Clinic location:

1399 S. Roxbury Drive, Suite 100
Los Angeles, California 90035
(310) 557-2273

Our administrative offices are located at:

9911 Broxton Ave., Suite 200
Los Angeles, California 90024
(310) 825-6689

About the Los Angeles Region Pacific AIDS Education Training Center - Los Angeles Area

About the Pacific AIDS Education and Training Center (PAETC) - Los Angeles Area

The Pacific AIDS Education and Training Center (PAETC) (<https://paetc.org/>) is a member of the National AIDS Education and Training Center (AETC) network of eight regional and two national centers, covering all 50 states and U.S. Territories and Jurisdictions.

The PAETC – Los Angeles Area provides locally-based tailored HIV education, clinical consultation, and technical assistance to healthcare professionals and organizations in Los Angeles, Kern, Ventura, Santa Barbara, Inyo Counties, and the U.S./Mexico border region in Arizona and California. For more information on the PAETC – Los Angeles Area, please email Tom Donohoe at TDonohoe@mednet.ucla.edu and Sandra Cuevas at SMCuevas@mednet.ucla.edu.

PAETC-Related Resources

PAETC HIV Learning Network (CME)

The HIV Learning Network (HIVLN) is a free telehealth HIV training and consultation program for HIV clinical care teams and individual clinicians in Arizona, California, Hawai'i, Nevada, and the U.S. Pacific Island Jurisdictions. Offers free CMEs.

About the UCLA AIDS Institute

In 1981, UCLA physicians reported the very first cases of what they described as “newly acquired immunodeficiency”—what we now know as AIDS. These doctors’ discovery and the subsequent exponential explosion of AIDS cases in Los Angeles and elsewhere around the country and around the world, led to the formation of the widely-acclaimed UCLA AIDS Institute in 1992. Under the interim direction of Dr. Otto Yang, the UCLA AIDS Institute provides a multidisciplinary think-tank for top-flight researchers who are assailing HIV on many fronts.

Institute members include faculty who work in the fields of virology and immunology, genetics, cancer, neurology, ophthalmology, epidemiology, social science, public health, nursing, and disease prevention. Their studies are carried out at the UCLA Westwood campus, in community settings, at half a dozen major medical centers in greater Los Angeles, and at scores of locations in India, China, Brazil, and sub-Saharan Africa

Through laboratory research leading to new treatments for HIV, providing outstanding care to patients with HIV and developing more effective prevention strategies, the UCLA AIDS Institute is leading the worldwide effort to eradicate HIV and AIDS. The Institute’s dedicated scientists are committed to developing more effective education and prevention strategies for at-risk communities around the world, and better treatments for all people living with HIV. Innovative research programs that aim to develop a safe and effective HIV vaccine are among the UCLA AIDS Institute’s very highest priorities.

General Information

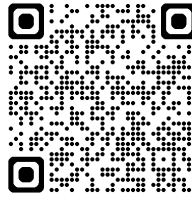

Tough Decisions Made Easier: Clinical Management Challenges in HIV Care

Course # - A02901

The California Endowment
1000 North Alameda Street
Los Angeles, CA 90012

Tuesday, January 7, 2025

FEES: \$45.00

Enrollment

To register using a credit card or ACH/electronic transfer, please visit:
<https://ucla.cloud-cme.com/HIVCME25>

*Credit card and check payments via phone, fax, or mail are no longer accepted.

Refunds

Due to the low enrollment fee, no refunds will be given for this conference.

Course Recording

The course will not be recorded.

Questions

If you have questions about enrollment, please call (310) 794-2620 or email: ccpd@mednet.ucla.edu.

For Further Information If you have questions about this program, please contact the Program Coordinator at (310) 825-6413 or via email at caresymposium@mednet.ucla.edu. For any CME related questions, please email the UCLA Center for Continuing Professional Development at ccpd@mednet.ucla.edu or call (310) 794-2620.

Accreditation

The David Geffen School of Medicine at UCLA is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The David Geffen School of Medicine at UCLA, designates this live activity for a maximum of 6.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The California State Board of Registered Nursing accepts courses approved for the *AMA PRA Category 1 Credits™* as meeting the continuing education requirements for license renewal. Nurses from states other than California should inquire with their local State Board for specific continuing education policies.

Disclosure

The FDA has issued a concept paper that classifies commercial support of scientific and educational programs as promotional unless it can be affirmed that the program is “truly independent” and free of commercial influence. In addition to independence, the FDA requires that non-promotional, commercially supported education be objective, balanced, and scientifically rigorous. The policy further states that all potential conflicts of interest of the CME staff and faculty be fully disclosed to the program’s participants. We at UCLA fully endorse the letter and spirit of the concept. In compliance with this policy, the program faculty will disclose to their audience any potential conflicts of interest related to the contents of presentations.

In accordance with applicable Federal laws and University Policy, the University of California does not discriminate in any of its policies, procedures, or practices on the basis of race, color, national origin, sex, sexual orientation, age, or disability. Inquiries regarding the University’s equal opportunity policies may be directed to campus Counsel, 3149 Murphy Hall, UCLA, or the Director of the Office for Civil Rights, Department of Education. For information on services for students with disabilities, or questions about accessibility, please call (310) 825-1501 (voice or TTD)
